PBX SYSTEMS AND MEETINGS

**Makes everything
easier with us**

Efficient and timely communication is the lifeblood of your operations. If clients and colleagues find it hard to reach you, you will ultimately lose revenue and lower your productivity.

To help you handle incoming communication seamlessly, JANA IT professionals provide you the PBX phone system and your businesses can get variety of benefits from it including

- To hold internal meeting for employees
- Linking different branches of the company

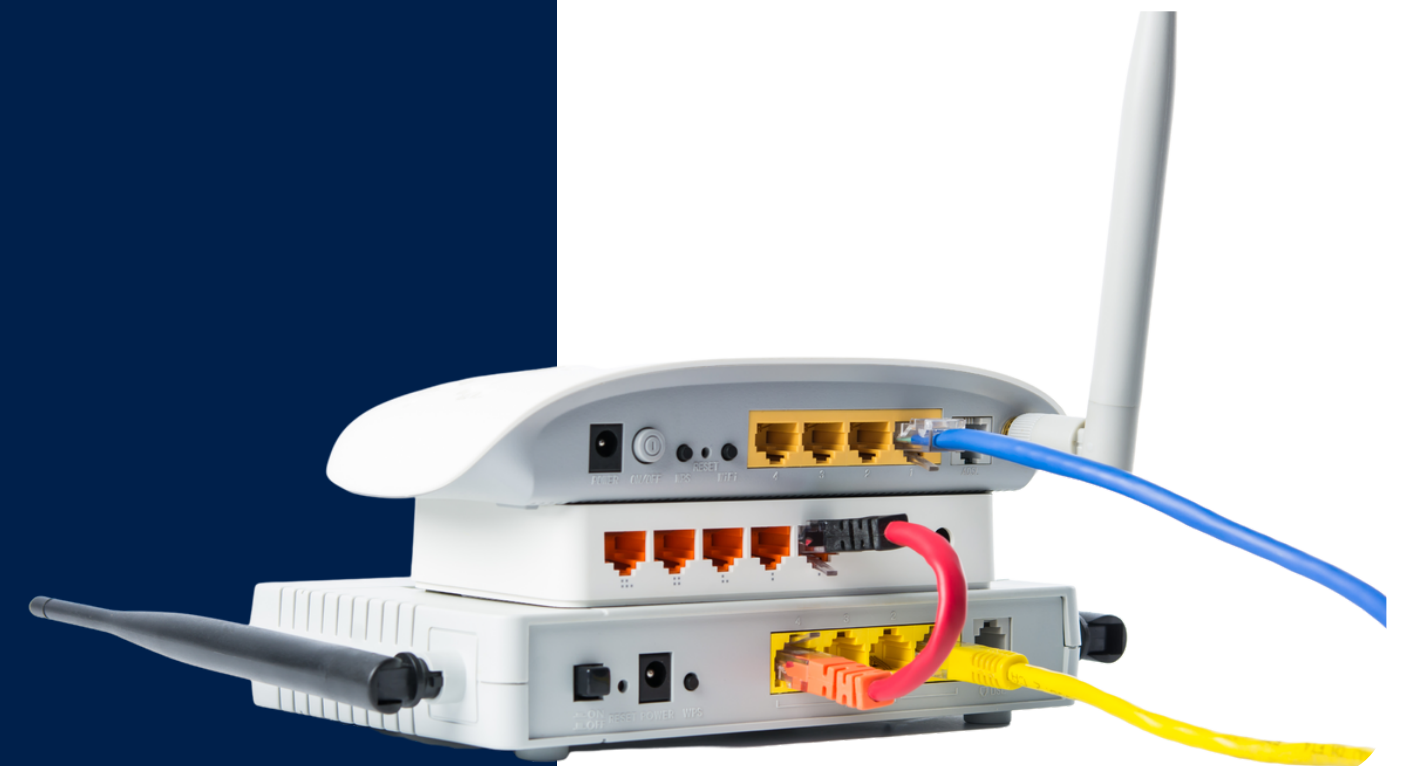

NETWORKING SOLUTIONS WIRED & WIRELESS

Our consultants are specialized in all kinds of networking solutions, strategy and planning. We provide our experienced services to improve your company's networks.

Wired and Wireless Connections

- wireless LAN, wireless MAN, wireless PAN and wireless WAN
- A wired network employs wires to link devices to the Internet or another network, such as laptops or desktop PCs.

CAMERA/SECURITY SYSTEMS

Allowing you to feel safe within the comfort of your surroundings

Improve your Security

Installing a comprehensive security and alarm system will ensure that no matter where you are, you can be confident in the fact that everything and everyone you love is safe.

JANA IT solutions provide all types of innovative and latest security systems to secure your offices, shops, warehouses, schools, hospitals and homes.

CLOUD COMPUTING

Organizations get several benefits by transitioning to a cloud computing environment.

- By giving companies access to more computing resources, cloud computing also gives them a competitive edge in the marketplace.
- Our team of experienced professionals will collaborate with your staff to implement smart technology featuring cloud-based computing.

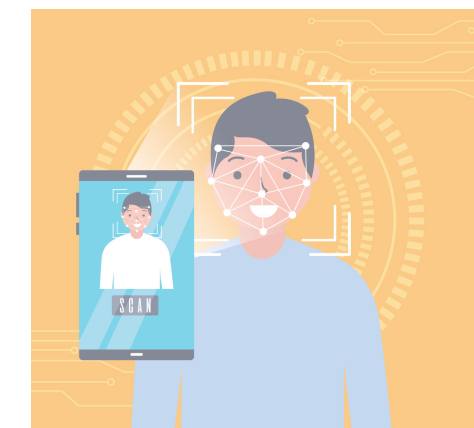

BIO METRIC

Biometric devices are becoming increasingly popular for identification and authentication, utilizing multiple methods to identify a person such as a fingerprint recognition, facial detection, palm vein scanning, iris, and even voice recognition.

JANA IT delivers the highest level of identity and location confirmation using biometric technology.

PROFESSIONAL

AFFORDABLE PRICE
